The Start of a New Year

We are starting a new year. With that I am going to try a new section in the newsletter. My wife Tiffany will be helping me add a recipe for each edition of the newsletter, they will be on page 5.

the year on page 4. If we have missed an event or you would like to add one please contact Kryer so we can put it on the calendar.

If anyone has one they would like published please email it to Kryer or myself. On to the business, the election of officers, there was a unanimous white ballot to retain the officers for another year. I have a list of the upcoming events for

Some Muzzleloading Safety Do's and Don'ts

DO's

Read and understand your instruction manual. If you didn't get one with your muzzleloader, order one from the manufacturer. They will send you one for free. Many companies now have a web site and online manuals are common.

Wear shatterproof shooting glasses and ear protection, as both percussion and flintlock guns may shower sparks and bits of caps/flints when fired.

Treat a misfire or failure to fire as though the gun can fire at any second. Wait at least a minute with gun pointed at the target.

Be sure all spectators are completely behind you when firing. Flames and bits of caps/flint sometimes exit from the side of the gun. It is good shooting etiquette to warn other shooters that you are about to fire a flint lock next to them.

DO NOT

Never fire a muzzleloader unless the ball is firmly seated against the powder charge. Firing a muzzleloader with the ball off the powder or part way up the barrel may cause serious damage to the firearm and possibly serious injury to the shooter.

Do not exceed manufacturer's recommended maximum powder charge.

Never use FFFFg black powder for a charge in any muzzleloader at any time. The only safe use for fine priming powder is for the priming of a pan on a flint lock.

Fine powders will cause excessive pressures and could very well burst your barrel.

Never lean over (or stand in front of) the muzzle at any time.

Never attempt to shoot out a projectile which is not firmly seated against the powder charge.

For sale

Bill was a blanket trader at CCR, he has a lot of shooting supplies, cleaning jags cappers, ram rods, round ball and other things. His phone number is 847-0126

There was also a Lady who said she has soft and extremely clean lead. It's reclaimed telecommunications cable sheathing. Ingots are 12 to 35 lbs at \$1.25 per pound. Her phone number is 722-0801

CLUB EVENTS Summer 2009

Feb: Meeting Fri 5th
 Campout 12-14

Mar: Meeting Fri 5th
 Club Shoot on the 8th
 Fort Churchill 26-28th

Second Saturday
 of Each Month Club Shoot
 (winter start time is 10:00 a.m.)

Dutch Oven Biscuits

12 inch Dutch oven - Feeds 8 –10 people

4 cups all purpose flour
2 Tbsp baking soda
1 tsp salt
1 cup butter (2 sticks)
1 1/2 cups milk

Sift together flour, baking soda and salt. Cut in butter with a pastry blender or 2 knives until mixture has the texture of coarse meal. Add milk and stir just until dough is mixed. This should be a very soft dough. Knead 3 or 4 times until dough is mixed and holds together well.

On a well floured surface roll or pat out to 1/2 inch to 3/4 inch thickness. Cut with a floured biscuit cutter. Preheat Dutch oven and lid to about 425, with 21 coals on top and 10 on the bottom. Grease oven and place biscuits close together. Cover and bake for 10 -15 min with twice as many coals on top as on the bottom. Be careful not to burn the bottoms - remember the oven is going to be very hot.

Biscuits are done when the tops are golden brown. Brush tops with melted butter and serve warm. Remember if left to cool in a Dutch oven most breads will become soggy on the bottom; so it is best to serve the biscuits hot out of the pan, or place them on a wire rack to cool.

I have been collecting recipes over the last years and I thought that it would be a great addition to the newsletter. I hope that you enjoy the recipes like we do!! If you are looking for a certain recipe let me know I can include it in an upcoming news letter.

****Happy Cooking! ****
