

# HEAR YE, HEAR YE NEWS and VIEWS of EVML

Volume 19, Issue 1

Feb, 2011

It's the start of another new year, a very cold year for some people in the country. Congratulations to Lin, she was the winner of the Rifle Raffle. There will be another raffle at our spring Rondy in April, if you have any items you would like to donate contact Ben. There will also be a Pot-Luck dinner, contact Tony or Sue (775) 324-3456 with what you would like to bring. There is going to be a fund raiser for the Nevada Territories Wild West Fair Feb 19th at San

Matt M.  
Secretary EVML

Rafael Park. Contact Ben for more information. As a reminder Club dues are due by the end of April.

## **Some Muzzleloading Safety Do's and Don'ts**

### **DO's**

Read and understand your instruction manual. If you didn't get one with your muzzleloader, order one from the manufacturer. They will send you one for free. Many companies now have a web site and online manuals are common.

Wear shatterproof shooting glasses and ear protection, as both percussion and flintlock guns may shower sparks and bits of caps/flints when fired.

Treat a misfire or failure to fire as though the gun can fire at any second. Wait at least a minute with gun pointed at the target.

Be sure all spectators are completely behind you when firing. Flames and bits of caps/flint sometimes exit from the side of the gun. It is good shooting etiquette to warn other shooters that you are about to fire a flint lock next to them.

### **DO NOT**

Never fire a muzzleloader unless the ball is firmly seated against the powder charge. Firing a muzzleloader with the ball off the powder or part way up the barrel may cause serious damage to the firearm and possibly serious injury to the shooter.

Do not exceed manufacturer's recommended maximum powder charge.

Never use FFFFg black powder for a charge in any muzzleloader at any time. The only safe use for fine priming powder is for the priming of a pan on a flint lock. Fine powders will cause excessive pressures and could very well burst your barrel.

Never lean over (or stand in front of) the muzzle at any time.

Never attempt to shoot out a projectile which is not firmly seated against the powder charge.
